# Chapter Care Visits and Beyond

## Mountain & Pacific by Larry Lamoureux

### Calgary, AB

**PTC**

Calgary has been operating since September 2003, looking forward to celebrating 20 years at the Worldwide Convention in St. Petersburg. The organization has maintained a relatively simple structure for the last 10 years. With approximately 50 members and the potential of a lot more, PTC is active pursuing leadership roles in 2023 to continue growing. It is a very active group with about 16 in-person events every month.

### Edmonton, AB

**PTE**

The Edmonton Chapter has shared a long history with the Calgary chapter and both have held several joint events in the past. A very friendly and receptive group but like many, it is struggling to get the word out. Dunc Mills has been the rock of PTE and has outreach connections with other men's groups in North Alberta, as the Chapter is exploring ways of increasing leadership and participation roles.

### Kamloops, BC

**PTK**

Kamloops is a newly formed chapter that just celebrated its first year. They are doing amazing things with lots of energy and interests. I attended the Kamloops Pride parade with the group. It was great fun plus they signed up several more members. The biggest current challenge is getting the word out about their Chapter, but they have lots of planned events.

### Nanaimo, BC

**PTN**

I attended several events with the group, including a barbecue in Parksville. This event was very well attended with nearly 60 men. I received a very warm welcome and they were very happy to have a representative from the PTWW Board. Nanaimo covers a very large area that draws from several surrounding communities. Three new members from the BBQ event joined that day! I also connected with President Paul Tilroe and former PTWW Board Member Don Gillette.

### Seattle, WA

**SPT**

There is a large base to draw from as Seattle is a

very gay-friendly city. SPT has lots of interests and energy. I met with their Board who were all very engaged and delighted to feel the support from PTWW. This Chapter was established in 1992 and like many, they have suffered during COVID lockdowns. SPT has a new vigor about them and I feel they have turned the corner on in-person socializing.

### Vancouver, BC

**PTVan**

There's a large base to draw from as Vancouver is a very gay-friendly and beautiful city that lends itself to a lot of great outdoor activities. I met with their Board for a lovely dinner and then several of us went out to enjoy the city's wonderful attractions. The Chapter is planning more in-person socializing and activities.

### Victoria, BC

**PTVic**

I attended their annual corn roast with nearly 100 men. Very friendly and super receptive crowd of men. Meeting up with the PTV Board was rewarding as I got to hear of the chapter plans and membership activities being planned for 2023.

To help cover expenses, Local Chapters may provide meals, local transportation and hosted housing, if available. PTWW covers travel and other costs for the chapter visits.

## North/East Region by Joe Robinson

### Cincinnati OH      TriState

We met Rich, the president, and several of the other board members, in Batesville for an early dinner, then met up with roughly 16 of their members at a gay bar in downtown Cincinnati, and finally went out with a group of them for a second dinner near the bar. This is a large chapter with about 140 members and they offer lots of monthly activities. By advertising their events in their monthly newsletter, they have been getting great turnout at events. Their challenge is to find venues that can accommodate this large sized chapter in SW Ohio.

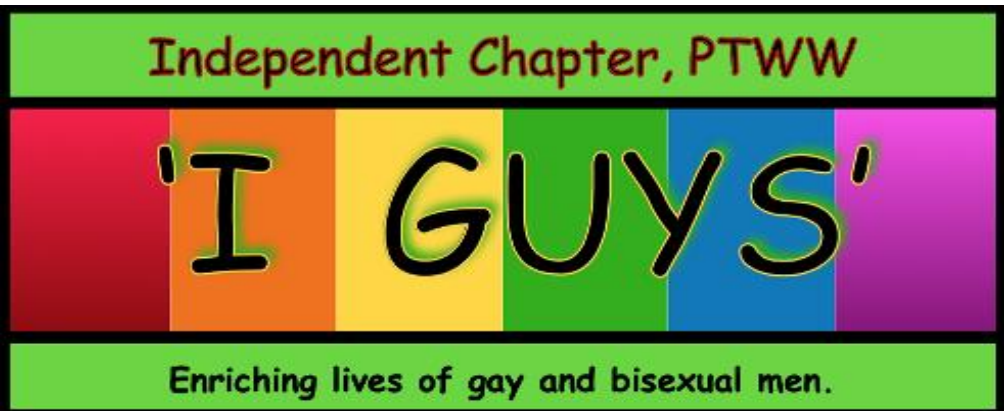

### Cleveland OH      PTC

Ralph is a stellar and very dedicated PTC President. He has been running the chapter, with a few members helping organize and host events before and during the pandemic. Ralph welcomed and hosted us and took us to a neighborhood restaurant where we had the opportunity to meet a few of the members and chat about the future of their chapter. Their next event was a US Thanksgiving Dinner hosted at a member's home.

### Grand Rapids, MI      PTGR      Indianapolis IN      PTI

President Vern, Secretary Neil, and Treasurer Kelly, manage the 40-member chapter with monthly dinner meetings at local restaurants. They have established a monthly roster and members can take turns organizing these dinners. My husband and I attended one of these dinner events and had a lot of fun with the 15 or so members who joined us. We were warmly welcomed and hosted by Vern and his partner, Gene, who even flew the British Columbia flag in front of their house the day we arrived. What a welcome!

President Michael and his team run an active chapter in Central Indiana. We were hosted by Steve, one of the members, at his downtown condo and given a tour of their beautiful city. Steve hosted a brunch so that we could meet their 7-member Board. Indianapolis Chapter followed later that evening with a potluck dinner where we met a dozen more active and enthusiastic members. The Indianapolis Chapter has 52 members, offers 2-3 events per month, and is working towards becoming a more inclusive group.

**Embassy Suites Downtown, Old Market**  
**FRI 9-OCT to MON 13-OCT**  
 Early Registration will officially open NEXT year at the Closing Banquet in St. Peterburg

**Omaha?**  
**You will be surprised!!**

 The image shows the interior of a restaurant or bar. There are several round tables with white tablecloths and chairs. In the background, there is a bar area with stools and a menu board. The lighting is warm and the atmosphere appears to be a modern, upscale dining establishment.

\*Board of Directors

## Live from Delaware!

At the beginning of 2022, Frank Pirhalla and Richard Shrout began a journey to bring the vision of Delaware Coastal PrimeTimers®, Inc. to life. That vision has now come to full life as a Delaware 501(c)(7) corporation. The preliminary monthly social events were attended by between 75 and 100 guests interested in seeing this organization succeed. The response to the first social gathers was so strong and positive that it is no surprise the day has finally come.

On Tuesday, December 6th 2022, Delaware Coastal PrimeTimers®, Inc. held its inaugural members-only event and election of directors. As of that date, we have received 95 membership applications and dues. Of these, 52 attended our first members-only function, Holiday Wine and Cheese meeting to elect the inaugural Board of Directors. We will soon hold our first organizational meeting and establish the officers of the Board of Directors.

Our calendar is starting to fill with fun events and activities. We are excited to start our new chapter and be part of the global PrimeTimers® Worldwide team. If you are planning a trip to the Delaware Shores, give us a heads up! We'd be glad to see you at the Beach! [coastalprimetimers@gmail.com](mailto:coastalprimetimers@gmail.com)

Our warmest regards, The Delaware Coastal PrimeTimers®, Inc. Board of Directors: Frank Pirhalla, Richard Shrout, Steven Swierzy, Stephen Reustle, Roger Nisewarmer, and Tom Ketterman

## Tucson Update

Tucson PrimeTimers® is coming back strong. We have almost doubled our membership since the lows of the pandemic. Our Wednesday lunches have been very well attended - at levels higher than before. The Monday lunch bunch continues going strong, although numbers are small -- they powered through the last two years. Bowling fun has begun anew. And a new book club is getting off the ground. We have made alliances with several other local groups and have members enjoy activities of multiple groups, such as the Tucson Front Run-

ners & the Valley Male Nudist Group.

Our new governing board took office for a two-year term on 1 January. We are working on updating our website; we are particularly hoping to add to the section, "Our Lives, Our Stories." Check out those already there! Follow us on Facebook for our events and more. Oh, and if you are heading this way -- we are always pleased to welcome visitors to sunny Arizona.

# HOLIDAY PARTIES' REPORTS:

## PrimeTimers® of Phoenix

### Thanksgiving with Friends

Every year, Mark W. and Dan R. host a Potluck Thanksgiving in their home for those who don't have anywhere else to go. This year, 22 members went to the party and had a great time in between friends.

### PTOP Holiday Party

More than 90 members and guests attended the Holiday Party last December 03<sup>rd</sup> to celebrate the holiday season. The event had a lot of food, dancing, fun and games. Everybody had a marvelous time.

## TriState PrimeTimers® (Cincinnati)

Once again, TriState PrimeTimers® held its December meeting at The Farm, a banquet facility in the western part of Cincinnati. TSPT was pleased to see not only a large number of members (80) but also nine guests, six of whom joined the chapter.

After announcements and the recognition of December birthdays and anniversaries, the members of the 2023 Board, elected at the November meeting, were formally

introduced. Then the winners of Split the Pot were drawn, and a winner for the Mega Holiday Gift Basket was chosen.

Afterwards, the buffet lines were opened, and everyone sat down to enjoy a good meal and the company of friends and new acquaintances.

# Atlanta PrimeTimers®

The Holiday Party for Atlanta PrimeTimers® was held on Saturday, December 3rd at Mary Mac's Tea Room. Members adorned crowns of gold to celebrate the success of the APT throughout 2022.

The room was full of catch-up conversation and well wishes for the Holiday Season. Over 50

members attended to enjoy the Southern cooking of the historical Mary Mac's Tea Room on Ponce De Leon Ave. in downtown Atlanta. Food was aplenty and members went home with leftover southern fried chicken, fried catfish, roasted turkey and all the sides for a Sunday meal.

President Mike Murphy publicly thanked members who had organized and hosted events throughout the year. He thanked departing board members, Chris Harris, Gregg Melton and Daniel Barker for their service throughout 2022. Members Bob Elkinson, Barney Hill, Ricky Gallman and Brian Hankin were welcomed as members

of the 2023 APT Board of Directors.

Membership Director, Jason Calvert, had the members laughing in their seats as he

raffled off gifts to the lucky ticket holder. Everyone was a winner and went home with something to remind them of the wonderful time they had socializing with our Atlanta PrimeTimers®.

Overall, it was a fun time once again with the great men of Atlanta.....thank you to all of our members for supporting the ATLPT chapter throughout 2022. We invite all PTWW members to join us for some social fun when in Atlanta. Check out our website for upcoming activities, [atlantaprimetimers.com](http://atlantaprimetimers.com). We would love to see you in 2023. Happy New Year to Y'ALL.

# Rhode Island PrimeTimers®

Fourteen of us met for a Christmas/ holiday dinner Sunday December 11 at Chelo's hometown bar & grill in Woonsocket, RI. We enjoyed a variety of dishes.

Many were unable to attend due to either health or weather. It snowed enough to make driving tricky.

# On Top of Office Ergonomics

---

Proper office ergonomics can help you and your joints stay comfortable. Here are some suggested ways:

**Chair and Desk:** Your knees should be bent at a comfortable angle and greater than 90° flexion. If this strains your leg muscles, or if the feet do not reach the floor, use a footrest. The footrest height must allow your knees to be bent at 90°; adjust the height of the footrest if necessary. Adjust the backrest to support the lower back when you are sitting upright. If the work surface is used for writing on paper and computer use, the flat surface should be between 28-30 inches (71-76 cm) above the floor. Choose a system that is height adjustable; that allows you to tilt the keyboard down away from you slightly for better wrist posture.

**Monitors, Light & Glare:** Place the monitor directly in front of you, about an arm's length away. The top of the screen should be at or slightly below eye level directly behind your keyboard. If you wear bifocals, lower the monitor by 1 to 2 inches for more comfortable viewing. Place the monitor to the side of the light sources, not directly underneath. If the lighting is fluorescent strip lighting, the sides of the desks should be parallel with the lights. Try not to put the screen near a window. If it is unavoidable, ensure that neither the screen nor the operator faces the window. To determine whether there is glare from overhead lights, sit down and hold an object, such as a book, above the eyes at eyebrow level and check whether the screen image becomes clearer in the absence of overhead glare. To detect whether there are reflections from the desk surface, hold the book above the surface and assess the change in reflected glare from the

screen. You can eliminate or reduce these reflections in several ways: Tilt the screen (top part forwards) so that the reflections are directed below eye level. Use an LCD screen. Cover the screen with a light diffusing surface or anti-glare screen. A negative contrast screen (dark characters on light background) will reduce the influence of these reflections. Change the text and background colors, either black characters on white/yellow background, or white/yellow on black, white on blue, and green on white. Avoid both red on green and yellow on white. Look away into the distance to rest the eyes briefly every 10 minutes.

**Document holder:** Place the document holder close to the monitor screen in the position that causes the least twisting or inclination of the head.

**Mouse:** Place your mouse within easy reach and on the same surface as your keyboard. While typing or using your mouse, keep your wrists straight, your elbows bent at 90°, forearms parallel with the floor, your upper arms close to your body, and your hands at or slightly below the level of your elbows.

**Posture:** Adopt a natural and relaxed position to provide an opportunity for movement, from which you can assume a few alternative positions. Maintaining a fixed posture for long periods increases the likelihood of muscular aches and pains. Also, long periods of repetitive movement and sustained visual attention can give rise to fatigue-related complaints. Take regular postural/stretching breaks to reduce intense periods of repetitive movements.

# Members of PrimeTimers® Indianapolis Enjoy 2022 Post-Thanksgiving Cruise

Eight members of PrimeTimers® Indianapolis set sail on Celebrity Reflection cruise ship for the 2022 Post Thanksgiving Cruise to the eastern Caribbean from November 27 - December 4. Joining over 400 other gay men for a week of sunny weather in the Bahamas, St. Thomas, and St. Maarten, we enjoyed onboard activities and exciting shore excursions. We also had an opportunity to meet many men from our

hometown of Indianapolis that we hadn't previously known, as well as meeting more Prime Timer members from other chapters around the country.
